## First Aid & Liniment

### ☐ **Repair - Trauma Formula**™

Based on a martial arts formulation. Whole Horse Repair is a remarkable combination of herbs designed to reduce swelling, pain and speed healing. A must have for every first aid kit. Caution: not for internal use with pregnant mares.

### ☐ **Whole Horse Liniment**™

Whole Horse Liniment is a topical formula for strains, sprains, injured tendons and ligaments, blunt force traumas, bruising and swelling. Great for horses that stock up or get body sore. Based on ancient Chinese martial arts formula. Can be used daily and under wraps. Dilute and use as a body wash. A must have for any stable! *Veterinarian Tested and Recommended. Endorsed by Performance Horse Trainers and Owners.*

## Equine Recurrent Uveitis (Moon Blindness)

☐ **Whole Horse ERU Acute**™ is for use during an acute, flare up of ERU.

☐ **Whole Horse ERU Maintenance**™ is for treatment during non-acute periods of ERU.

### Indications:

- Equine Recurrent Uveitis
- Photosensitivity
- Watery, painful or swollen eyes

## EPM

### ☐ **Whole Horse EPM Support**™

### Indications

- EPM
- Muscle Wasting & Atrophy

## Calming and Focus

### ☐ **Calm Shen**™

Modern horses live stressful lives. Competition, travel, confinement in small living spaces, and injury all contribute to stress. Shen is synonymous with “Sprit” or “mental functioning” in Chinese. Whole Horse Calm Shen is formulated for the nervous, anxious horse that is easily startled, jumpy or unable to concentrate on work or rider.

## Performance Horse Support Formulas

☐ **Whole Horse Bleeder's Support**™ Many racehorses rely on Lasix and Furosidmide to prevent bleeding during racing and heavy exercise. Loss of body fluids and electrolytes are some diuretic side effects associated with the use of these drugs. Whole Horse Bleeder's formula combines herbs traditionally used to stop and prevent bleeding while nourishing the lung and improving bronco-dilation. May be combined with Breathing Right or Bleeders formulas.

### ☐ **Whole Horse Bleeder's Acute**™

For use during an acute bleeding episode. May be combined with Bleeder's Support and used three days prior to race time preventively. Short-term use recommended.

### ☐ **Whole Horse Breathing Right**™

From the perspective of Chinese medicine this combination for herbs moistens and nourishes and strengthens delicate lung tissue there by increasing bronco-dilation and oxygen delivery. Used for dry coughs, wheezing and bleeding. Safe for long-term use.

### ☐ **Endurance**™

For performance, endurance or race or show horses that experience heavy demands requiring long term or sustained energy. Used to prevent burn out. This tonic formula contains herbs traditionally used to boost constitutional energy and immunity while maintaining composure. Does not contain Ma Hang (Ephedra)

## Immunity Support

### ☐ **Boost Immunity**™

One of the most important emphases of Traditional Chinese Medicine (TCM) is the prevention of disease. Whole Horse Boost Immunity™ is based on a classic Chinese herbal formulation used for centuries to prevent infections.

### Indications:

- Horses exposed to large groups
- Chronic illness
- Frequent respiratory infections
- Use prior to seasonal allergic reactions

## Digestion Support

☐ **Digest Aid**™ based on a classic formula used to improve digestion.

## Cushings and IR Support

### ☐ **Cinnamon Mix**

### ☐ **Vitex (Chasteberry)**

### ☐ **Jiao gu lan**
